

## TESTIMONIAL

OnCall Communications provided a unique and innovative way for us to contact our members and prospective members. OnCall Communications made this simple and easy by assisting with the whole process from writing and recording messages to providing detailed reports allowing us to determine the success of the campaign. By personalizing the communications with members we were able to maximize the success rate and continue to follow up individuals with appropriate actions.

OnCall Communications played an integral part in our annual membership campaign.
